**Request for Expressions of Interest**

The Government of Belize (GOB) has received financing from the Caribbean Development Bank (CDB) towards improving the quality of life for persons by providing access to potable water in various parts of Belize. The project comprises small-scale infrastructure works and capacity building for key stakeholders. The GOB has appointed the Belize Social Investment Fund (BSIF) as the Implementing Agency (IA) for the project, and intends to apply a portion of the proceeds to eligible payments under a contract for which this invitation is issued. Payments by CDB will be made only at the request of GOB and upon approval by CDB, and will be subject in all respects to the terms and conditions of the Financing Agreement. The Financing Agreement prohibits withdrawal from the financing account for the purpose of any payment to persons or entities, or for any import of goods, if such payment or import, to the knowledge of CDB, is prohibited by a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations. No party other than GOB shall derive any rights from the Financing Agreement or have any claim to the proceeds of the Financing.
